

Convenient Ways to Access Your Garage Door

877MAX

This **Wireless Keyless Entry System*** lets you open or close your garage door without using a remote control or key.

895MAX

Light the way with our **3-Button Elite Remote Control***. Bright blue LED buttons make night operation easy. Can operate three garage door openers, gate operators, or MyQ®-Enabled light accessories.

893MAX

This powerful **3-Button Remote Control*** can operate three garage door openers, gate operators, or MyQ-Enabled light accessories.

890MAX

If you're always on the go, this **3-Button Mini Remote Control*** will go right with you. It fits on a keychain, or right in your purse or pocket, and can operate three garage door openers, gate operators, or MyQ-Enabled light accessories.

880LM

With the **Smart Control Panel®** you can easily program remote controls, adjust settings, and even get system diagnostics. It's also equipped with the **Timer-to-Close** feature, which automatically closes your garage door after a pre-programmed number of minutes.

881LM

The **Motion-Detecting Control Panel with Timer-To-Close** turns on the opener lights automatically as soon as you walk in and is equipped with the **Timer-to-Close** feature, which automatically closes your garage door after a pre-programmed number of minutes.

Add Style and Security to Your Garage

195LM

Give your garage the style it's been missing by hiding the wires and cords with this sleek **Ceiling Mount**. Works in most standard garages.

975LM

Park perfectly every time with the LiftMaster **Laser Parking Accessory**. This high-tech solution helps you maximize usable garage space by letting you know exactly where to park and when to stop.

990LM

With the LiftMaster **Surge Protector**, protect your garage door opener during lightning strikes and power outages.

LiftMaster
GARAGE DOOR OPENERS

Left Your Garage Door Open? With MyQ® Technology, It's No Problem.

LiftMaster® offers a wide variety of residential garage door opener accessories to manage your busy lifestyle. From remote controls and keyless entry systems to MyQ accessories which allow you to monitor and control your home, LiftMaster provides you with greater security and peace of mind.

Three Ways to Enable Smartphone Control of Your Garage Door Opener

OPTION 1

Internet Gateway 828LM

For LiftMaster MyQ-Enabled Garage Door Openers. You will need the Internet Gateway which connects to your router and enables smartphone control. *Look for the MyQ logo on your garage door opener.*

OPTION 2

MyQ Control Panel 888LM and Internet Gateway 828LM

For LiftMaster Security+® Garage Door Openers You will need the Internet Gateway, which connects to your router and a MyQ Control Panel for your garage. *Look for a purple "Learn" button and antenna wire or orange/red "Learn" button with a gray antenna wire.*

OPTION 3

MyQ Garage 821LM

For Most Major Brands of Garage Door Openers. MyQ Garage enables smartphone control of most major garage door opener brands with Photo Eyes. Includes Wi-Fi Hub and Door Sensor.

Visit LiftMaster.com/ConnectedHome for more details.

Download the **FREE MyQ Mobile App** and easily register your account at MyLiftMaster.com.

MyQ Accessories Connect You With Your Home

829LM

Use the **Garage and Gate Monitor** to close up to four garage doors or gates from any room inside your house.

825LM

Use the **Remote Light Control** to plug in any lamp inside your house and control it with your smartphone or garage door opener remote control.

823LM

Use the **Remote Light Switch** to replace your existing wall switch to allow you to control home lighting with your smartphone or garage door opener remote control.
